1. INTRODUCTION

1.1. Issuing Office

The New York State Office for People With Developmental Disabilities (OPWDD) is the New York State (NYS) executive agency responsible for the provision, regulation, and oversight of services to NYS individuals with developmental disabilities. Per Mental Hygiene Law § 1.03 (22), individuals served by OPWDD have a documented history of diagnoses that may include, but are not limited to, intellectual disabilities, cerebral palsy, epilepsy, neurological impairments, and autism spectrum disorders. (https://opwdd.ny.gov/eligibility)

OPWDD provides services and supports directly and through a network of approximately 500 nonprofit service-providing agencies, with about 80% of services provided by the private nonprofits and 20% provided by state-run services. OPWDD also provides residential supports and services for approximately 43,000 individuals with developmental disabilities throughout New York State. OPWDD individuals reside in residential homes, group homes, and supported apartments, as well as institutional settings such as developmental centers and a variety of secure facilities. OPWDD operates approximately 1,500 residential and institutional sites statewide.

1.2. Purpose

OPWDD issues this Request for Proposal (RFP) for Independent Utilization Review (IUR) Nurses with the intent to award one contract for these services to each successful bidding independent nurse in each of 6 regions.

The New York State Office for People With Developmental Disabilities (OPWDD) desires to retain the services of independent (i.e., no firms) per diem licensed registered nurses to perform IURs. These reviews are conducted for individuals residing in an Intermediate Care Facility (ICF) that is certified and/or operated by OPWDD. Such ICFs (i.e., ICFs in Federal regulation) are eligible to receive Federal Medicaid funds under Title XIX of the Social Security Act.

The purpose of the Independent Utilization Review (IUR) is to determine if the individual requires or continues to require the ICF/Developmental Disability (DD) level of care.

This RFP will be posted on both the NYS OPWDD Procurement Opportunities webpage at https://opwdd.ny.gov/procurement-opportunities, and on the NYS Contract Reporter (NYSCR) website at https://www.nyscr.ny.gov/, as required by Economic Development Law 4-C, titled “The Procurement Opportunities Newsletter.”

1.4. Restricted Period

1.4.1. Prohibitions on Procurement Lobbying

Pursuant to State Finance Law (SFL) §§ 139-j and 139-k, this Solicitation includes and imposes certain restrictions on communications between OPWDD and a Bidder during the procurement process. The restricted period begins at the moment of the earliest posting, on a governmental entity’s website, in a newspaper of general circulation, or in the procurement opportunities newsletter, of intent to solicit offers or bids, and it ends only after final award and approval of the Contract by OPWDD and, if applicable, the Office of the State Comptroller (OSC). Throughout this restricted period, a

Bidder is restricted from making contacts to staff other than those so designated, unless it is a contact that is included among certain statutory exceptions set forth in SFL § 139-j(3)(a). Designated staff, as of the date hereof, are identified below. OPWDD employees are required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the Bidder pursuant to SFL §§ 139-j and 139-k. Certain findings of non-responsibility can result in rejection for Contract award. In the event of two such findings within a four-year period, the Bidder is debarred from obtaining governmental procurement contracts for four years. Further information about these requirements can be found on the Office of General Services website at https://ogs.ny.gov/acpl/.

1.4.2. Designated Contacts

Pursuant to SFL § 139-j(3)(a), OPWDD identifies the following allowable contacts for communications related to the submission of questions, letters of intent to bid, proposals, and requests for debriefings.

1.4.3. Questions and Answers

Questions from Bidders regarding this RFP must be received by OPWDD in accordance with the Deadline for Submission of Questions included in the Calendar of Events, Section 1.3 of this RFP. All questions must be submitted via electronic mail to the designated contact(s) at Procurement@opwdd.ny.gov as stipulated in Section 1.4.2 of this RFP.

1.4.3.1. Each question must, to the degree possible, cite the specific RFP Section to which it refers. OPWDD reserves the right not to answer questions that are not directly related to this RFP.

1.4.3.2. Bidders are cautioned that any question or inquiry regarding the RFP must be written in generic terms and must not contain pricing information. The inclusion of specific information about a Bidder's Cost Proposal in an inquiry may result in the Bidder's disqualification.

1.4.3.3. Bidders must identify, during the question-and-answer period, any terms and conditions in the RFP that would prohibit a Bidder from submitting a proposal. This process may not be used to negotiate material changes to the terms and conditions set forth in the RFP; any such changes will not be accepted by OPWDD. If a Bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, the Bidder shall immediately notify OPWDD of such error(s) in writing to the designated contact(s) identified in Section 1.4.2 of this RFP. If, prior to the proposal due date as specified in Section 1.3 of this RFP, a Bidder fails to notify OPWDD of a known error or an error that reasonably should have been known, the Bidder shall assume the risk of proposing. If awarded the contract, the Bidder shall not be entitled to additional compensation by reason of the error or its correction. Prior to the proposal due date, any clarifications or modifications deemed necessary by OPWDD will be posted to OPWDD website and the NYSCR website provided in Section 1.2 of this RFP.

1.4.3.4. Any change to language, terms, or requirements within the RFP, including all associated attachments, appendices, and exhibits, that is proposed by a Bidder after the question-and-answer period has ended will not be considered by OPWDD, as any such change would not have been offered to all potential Bidders.

1.5. Announcements and Amendments to the RFP

OPWDD will utilize its procurement opportunities webpage and the NYSCR for the purpose of disseminating information relating to this procurement. OPWDD will post its official answers to Bidder questions and any changes to the RFP resulting from such questions on these sites on or before the Issuance of Response to Questions date as indicated in the Calendar of Events. Bidders are encouraged to monitor these sites: https://opwdd.ny.gov/procurement-opportunities and https://www.nyscr.ny.gov/.

OPWDD's responses to questions and notification of amendments to the RFP, if any, will be in the form of a formal addendum that will be annexed to and become part of this RFP and any ensuing contract.

1.6. Term of Contract

OPWDD intends to award multiple contracts for the Independent Utilization Review Nurses, one per region to a responsive and responsible Bidder as a result of this RFP. The Contract's extension beyond March 31, 2031 will be at the sole discretion of OPWDD and the OSC, until such time as a replacement contract can be put in place. Bidders must disclose actual and potential conflicts of interest in the Administrative Proposal (see Section 4.10 below for additional information).

If the bidder is presently performing consulting services for OPWDD, or has provided consulting services for OPWDD, it may still submit a proposal in response to this RFP but must also satisfy these conflict-of-interest provisions.

After the RFP is awarded, if the awarded Bidder utilizes individuals or entities that violate these conflict-of-interest provisions, the Bidder is subject to termination and reimbursement of contract funding to OPWDD.

Further, no New York State employee may review any facility operated by OPWDD. Please refer to OPWDD policy memorandum (dated 11/18/2022, Exhibit 1) detailing OPWDD's policy on "Outside Activity" by employees. Outside employment/activity must not violate any provisions of the New York Public Officers Law sections 73, 73-a or 74.

2.2.2.8. The per diem nurse will submit with their proposal a cost sheet (Attachment 2) with estimated hourly rates and estimated costs to travel to the site to perform the IUR. The sheet will calculate the totals from the information entered in the first for columns of each location line.

Following this 270-day period, a Bid shall continue to remain an effective offer, firm and irrevocable, until OPWDD makes a tentative award of the Contract, or the Bidder withdraws the Bid in writing.

3.2. Accuracy of Proposals

Bidders are responsible for the accuracy of their proposals. All Bidders are directed to take extreme care in developing their proposals. Bidders are cautioned to review their proposals carefully prior to Bid submittal, as requests for Bid withdrawals of any type are not likely to be granted. If a Bidder submits a proposal ahead of the submission deadline, they may submit an amended proposal at any time prior to the proposal due date indicated in the Calendar of Events, Section 1.3.

3.3. Extraneous Terms

Proposals must conform to the terms set forth in the solicitation. Due to the requirement of uniformity of language in contracts with all Bidders or prospective Contractors, exceptions that materially alter the Terms and Conditions set forth in this RFP will be grounds for rejection of the proposal or disqualification of the Bidder. The State reserves the right, at its sole discretion, to determine the materiality of the Bidder's stated exception.

Acceptance and/or processing of a Bid shall not constitute acceptance of extraneous terms. OPWDD will not entertain any exceptions to Appendix A – Standard Clauses for New York State Contracts.

Any Bidder submissions on standard, preprinted forms, such as but not limited to product literature, order forms, license agreements, contracts, or other documents, that are attached or referenced with submissions shall not be considered part of the Bid or resulting Contract but shall be deemed included for informational or promotional purposes only.

4. ADMINISTRATIVE PROPOSAL

OPWDD shall own all rights, title, and interest in said material.

4.3. Non-Collusive Bidding Certification (Attachment 5)

In accordance with SFL § 139-d, if the Contract is awarded based upon the submission of Bids, the Bidder must warrant, under penalty of perjury, that their proposal was arrived at independently and without collusion aimed at restricting competition. Each Bidder must further warrant that, at the time the Bidder submitted their proposal, an authorized and responsible person executed and delivered to OPWDD a Non-Collusive Bidding Certification on the Bidder's behalf. Attachment 5: Non-Collusive Bidding Certification must be completed and submitted with the Administrative Proposal.

4.4. References (Attachment 6)

The bidder must provide a list identifying at least five (5) professional references. OPWDD staff will contact three (3) of the references at random. SFL § 163 requires that contracts be awarded based on lowest price or best value to a responsive and responsible Bidder. The State and courts have determined that responsibility includes integrity, previous performance, legal authority to do business in New York State, and financial and organizational ability to perform the contract. As part of the procurement process, Bidders, affiliates, any business entity of which the Bidder is a subsidiary, and subcontractors (where the subcontractor is known at the time of the contract award, their qualifications are a material factor in the award, and the subcontract will equal or exceed $100,000 over the life of the contract) are required to complete the Vendor Responsibility Questionnaire.

Bidders are encouraged to complete the online form, which is available at: https://www.osc.ny.gov/state-vendors/vendrep/file-your-vendor-responsibility-questionnaire. If the Bidder does not have an online questionnaire that is current and certified, the Bidder must complete a hard copy questionnaire. The Bidder acknowledges that OPWDD's execution of the Contract will be contingent upon OPWDD's determination that the Bidder is responsible, and that OPWDD will be relying in part upon the Bidder's responses to the questionnaire in making that determination.

OPWDD shall conduct reviews of each Bidder for responsibility and responsiveness. OPWDD may, at OPWDD's sole discretion, request additional information, including meeting with the Bidder.

If the Bidder is determined by OPWDD to be non-responsible, OPWDD shall inform the Bidder in writing, detailing the exact reasons for the determination. The Bidder shall have 30 days from receipt of this notice to file a written appeal. OPWDD will promptly review the appeal and make a final determination. If OPWDD's finding of non-responsibility remains unchanged, the Bidder shall be removed from consideration for this Contract.

4.6. Procurement Lobbying Requirements (Attachment 10)

On August 23, 2005, Legislative Law and SFL were amended to include provisions for the regulation of attempts to influence State and other governmental entity procurement contracts. SFL Sections 139-j and 139-k impose procurement record requirements relating to lobbying on procurement contracts.

4.6.1. Contracts Subject to Procurement Lobbying Act Requirements

All procurement contracts resulting from procurement transactions initiated on or after January 1, 2006, are subject to the procurement lobbying requirements and additional procurement record requirements.

SFL defines a procurement contract as any contract or other agreement for an article of procurement involving an estimated annualized expenditure in excess of $15,000.

Subject to certain exceptions, an assignment, amendment, renewal, or extension of a procurement contract, or any material change in a procurement contract resulting in a financial benefit to the Bidder, is covered by the provisions of the Act. Backdrop contracts and any contracts resulting from Mini-Bids pursuant to the backdrop contracts are also subject to this law.

This solicitation includes and imposes certain restrictions on communications between OPWDD and Bidders during the procurement process. From the issue date of this RFP until contracts are awarded and approved, Bidders and prospective Bidders are restricted from making any contact, as defined in SFL § 139-j (1) (c), relating to this procurement other than written contact (including email) with OPWDD staff members named in Section 1.4.2 of this RFP, unless it is a contact that is included among exceptions set forth in SFL § 139-j (3) (a).

4.6.2. Procurement Lobbying Law Certification of Compliance

Attachment 10: Procurement Lobbying Law Certification of Compliance must be completed, signed by the Bidder, and included in the Administrative Proposal, providing the representations outlined below:

The procurement record for every contract must include a determination that the Bidder is responsible in accordance with Bidder responsibility requirements. In addition to the general responsibility determination, for all contracts subject to the State Comptroller's approval the procuring entity must make a separate responsibility determination as to whether the Bidder has: (i) knowingly and willfully violated the prohibitions against impermissible contacts or certain ethics provisions, or failed to timely disclose accurate and complete information or otherwise failed to cooperate with the procuring entity, or (ii) failed to disclose prior determinations of non-responsibility by any governmental entity for any of the above reasons within the previous four years.

4.6.3. Bidder Certification / Complete Disclosure

Every procurement record must include a disclosure by Bidders regarding non-responsibility determinations within the past four years based on: (i) impermissible contacts or other violations of SFL § 139-j; or (ii) the intentional provision of false or incomplete information to a governmental entity. (Note: To satisfy the requirement regarding Bidder disclosure, the governmental entity must specifically request information regarding prior findings of non-responsibility for violations of SFL § 139-j. A general request for prior findings of non-responsibility is not sufficient.) In addition, any procurement contract award shall contain a certification by the Bidder that the information provided to the procuring entity was complete, true, and accurate.

4.6.4. Contract Clause / Termination Provision

OPWDD is authorized to terminate the contract if the certification (see preceding paragraph) is found to be intentionally false or intentionally incomplete, as contained in Appendix A: Standard Clauses for All New York State Contracts.

Agency Policy and Prohibitions Regarding Permissible Contacts (SFL § 139-j) restricts contacts by Offerors with any governmental entity regarding procurement contracts. Subject to certain exceptions set forth in SFL § 139-j(3), contacts between Offerors and governmental entity personnel, other than the governmental entity's designated contact person(s), are prohibited during the restricted period of the governmental procurement.

The statute requires that "every governmental entity shall incorporate a summary of the entity's policy and prohibitions regarding permissible contacts during a governmental procurement" and that a copy of the governmental entity's

procedures be included in the solicitation or Bid documents for all procurement contracts. The statute further requires that if a member, officer, or employee of a governmental entity becomes aware that an Offeror has violated the permissible contacts provisions of the law, such person shall immediately notify the Ethics Officer, Inspector General, or other official of the procuring governmental entity responsible for investigation of such violations.

4.6.5. Affirmation of Compliance

All Bidders must provide a written affirmation that the Bidder understands and agrees to comply with the governmental entity's procedures relating to permissible contacts during the restricted period. See Section 1.4.2 of this RFP for OPWDD designated contact(s).

4.6.6. Record of Contacts

For each procurement contract, SFL § 139-k requires that all contacts between an Offeror and a governmental entity during the restricted period be recorded and made a part of the procurement record.

4.7. Diversity Requirements and Equal Employment Opportunities for Minorities and Women

Reserved.

4.8. NYS Service-Disabled Veteran-Owned Businesses

Reserved.

4.9. Consultant Disclosure Legislation (Attachments 8 & 8A)

Bidders must comply with the requirements of SFL § 163(4)(g), which imposes certain reporting requirements on Contractors doing business as vendors with New York State. In accordance with these reporting requirements, Bidders will complete and submit only Attachment 8A: State Consultant Services Contractor's Planned Employment Form A with the Administrative Proposal. Instructions for completing and submitting Form A are included within Attachment 8.

Appendix I: Consultant Disclosure (Form B) must be submitted by the awarded Bidder by May 15th for each fiscal year (April 1 – March 31) that the Contract term is in effect. Instructions for completing and submitting Form B are included within Appendix I.

While Planned Employment (Form A) is a one-time projection of the planned employment under the upcoming Contract term, the Annual Employment Report (Form B) is a reporting of the actual employment history for the previous fiscal year.

4.10. Conflicts of Interest (Attachment 9)

Throughout the procurement process, Bidders must identify and bring to the attention of OPWDD actual or apparent conflicts of interest, as defined in Section 1.7, as knowledge of such conflicts arise.

If a conflict of interest does or might exist, please describe how Bidder would eliminate or prevent it. Indicate what procedures will be followed to detect, notify OPWDD of, and resolve any such conflicts.

If the Bidder discloses a New York State Commission on Ethics and Lobbying in Government (COELIG) investigation or disciplinary action, a brief description must be included indicating how any matter was resolved or whether it remains unresolved.

Attachment 9: Vendor Assurance of No Conflict of Interest or Detrimental Effect must be completed and submitted with the Administrative Proposal.

A Bidder's proposal will be subject to disqualification, at the sole discretion of OPWDD, if OPWDD determines that the Bidder (including a Bidder organization's parent or subsidiary) has a conflict of interest or the appearance of a conflict of interest that cannot be eliminated or prevented.

Any Bidder awarded a contract under this RFP will have an ongoing obligation to inform OPWDD of any actual or apparent conflicts of interest. Any failure to disclose conflicts of interest after an award may result in administrative actions including, but not limited to, termination of the contract.

4.11. Executive Order 177 Anti-Discrimination Certification (Attachment 15)

In accordance with Executive Order No. 177, the Bidder must certify that it does not have institutional policies or practices that fail to address the harassment and discrimination of individuals based on their age, race, creed, color, national origin, sex, sexual orientation, gender identity, disability, marital status, military status, or other protected status under the Human Rights Law. Attachment 15: Executive Order 177 Anti-Discrimination Certification must be completed and submitted with the Administrative Proposal.

4.12. Sexual Harassment Prevention Policy Certification (Attachment 14)

By submission of this Bid, each Bidder and each person signing on behalf of any Bidder certifies, under penalty of perjury, that the Bidder has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all their employees. Such policy shall, at a minimum, meet the requirements of Section 201-g of the Labor Law. Attachment 14: Sexual Harassment Prevention Policy Certification must be completed and submitted with the Administrative Proposal.

4.13. Tax Law Section 5-A

The Bidder awarded a Contract pursuant to this RFP must comply with the requirements of Tax Law § 5-a, which requires persons awarded contracts valued at more than $100,000 with state agencies, public authorities, or public benefit corporations to certify that they, their affiliates, their subcontractors, and the affiliates of their subcontractors have a valid certificate of authority to collect New York State and local sales and compensating use taxes. A Contractor, affiliate, subcontractor, or affiliate of a subcontractor must be certified as having a valid certificate of authority if such person has made sales delivered within New York State of more than $300,000 during the relevant period. The Office of the New York State Comptroller or other responsible approver cannot approve the Contract unless the Contractor is registered with the New York State Department of Taxation and Finance to collect sales and compensating use taxes.

The Contractor Certification forms, ST-220-TD and ST-220-CA, must be filed in compliance with Tax Law § 5-a. Any Bidder submitting a proposal under this RFP must file the ST-220-TD directly with the Department of Taxation and Finance at the address provided on the form and submit the ST-220-CA to OPWDD.

Bidders can visit the New York State Department of Taxation and Finance website to download the forms and obtain more information at https://www.tax.ny.gov/forms/form_number_order_st_y.htm.

Bidders may call Tax and Finance at 1-800-698-2931 for Contractor sales tax information. For additional information and frequently asked questions, please refer to Tax's web site: http://www.tax.ny.gov/.

Bidders may call Tax and Finance at 1-800-972-1233 for questions relating to Tax Law § 5-a and to a company's registration status with Tax and Finance. For additional information and frequently asked questions, please refer to Tax's web site: http://www.tax.ny.gov/.

4.14. Executive Order No. 16 Prohibiting State Agencies and Authorities from Contracting with Businesses Conducting Business in Russia (Attachment 16)

Executive Order No. 16 provides that "all Affected State Entities are directed to refrain from entering into any new contract or renewing any existing contract with an entity conducting business operations in Russia." The complete text of Executive Order No. 16 can be found at: https://www.governor.ny.gov/executive-order/no-16-prohibiting-state-agencies-and-authorities-contracting-businesses-conducting.

The Executive Order remains in effect while sanctions imposed by the federal government are in effect. Accordingly, Bidders who may be excluded from award because of current business operations in Russia are nevertheless encouraged to respond to solicitations to preserve their contracting opportunities in case the sanctions are lifted during a solicitation or even after award in the case of some solicitations.

As defined in Executive Order No. 16, an "entity conducting business operations in Russia" means an institution or company, wherever located, conducting any commercial activity in Russia or transacting business with the Russian Government or with commercial entities headquartered in Russia or with their principal place of business in Russia in the form of contracting, sales, purchasing, investment, or any business partnership.

Attachment 16: Certification Under Executive Order No. 16 must be completed and submitted with the Administrative Proposal.

4.15. Gender-Based Policy and the Workplace Certification (Attachment 17)

New York State Finance Law §139-M requires Bidders on competitive state procurements to certify that they have a written policy addressing gender-based violence and the workplace and that such policy meets the minimum requirements listed in Attachment 17: Gender-Based Policy and the Workplace Certification. A model of such policy may be found at: https://hcr.ny.gov/system/files/documents/2025/09/gender-based-violence-and-the-workplace-model-policy-for-nys-bidders.pdf. Bidders must complete and submit Attachment 17 with the Administrative Proposal.

4.16. Vendor Identification Number

To do business with the State of New York, each Bidder is required to obtain a NYS Vendor Identification Number for use in the Statewide Financial System (SFS). If a Bidder does not already have a Vendor ID Number, the NYS Substitute Form W-9 must be completed and submitted directly to OPWDD upon notification of award. The purpose of the Substitute Form W9, which will provide the Contractor's taxpayer identification number, business name, and business contact person, is to allow the State to establish a vendor file in the State Financial System. Note: IRS Form W-9 is not acceptable for this purpose. The form can be found at: https://www.osc.ny.gov/files/vendors/2017-11/vendor-form-ac3237s-fe.pdf.

5. TECHNICAL PROPOSAL— 70 POINTS

The purpose of the Technical Proposal is to establish the qualifications, competence, and capacity of the Bidder to perform the services contained in the RFP. The Technical Proposal must demonstrate that the Bidder and their staff will be able to provide the services described in this RFP.

A Technical Proposal that is incomplete in any material respect may be eliminated from consideration. The following outlines the information to be provided by Bidders. - All costs must be rounded to the nearest hundredth (two decimal places).

7. INSURANCE REQUIREMENT

Sections 57 and 220 of the New York State Workers' Compensation Law (WCL) provide that OPWDD shall not enter into any contract unless proof of workers' compensation and disability benefits insurance coverage, or exemption, is produced. Prior to entering into a contract with OPWDD, successful Bidders will be required to verify for OPWDD, on forms authorized by the New York State Workers' Compensation Board, that they are properly insured or are otherwise in compliance with the insurance provisions of the WCL. The forms to be used to show compliance with the WCL are listed below. Any questions relating to either workers' compensation or disability benefits coverage should be directed to the State of New York Workers' Compensation Board, Bureau of Compliance at (866) 298-7830. Failure to provide verification of either of these types of insurance coverage or exemption by the time contracts are ready to be executed will be grounds for disqualification of an otherwise successful proposal.

7.1. Proof of Workers' Compensation Coverage

Upon notification of award, the successful Bidder will be requested to submit *one* of the following forms as Workers' Compensation documentation:

- Form C-105.2 – Certificate of Workers' Compensation Insurance issued by private insurance carrier (or Form U-26.3 issued by the State Insurance Fund); or
- Form SI-12 – Certificate of Workers' Compensation Self-Insurance (or Form GSI-105.2 Certificate of Participation in Workers' Compensation Group Self-Insurance); or

Upon notification of award, the successful Bidder will be requested to submit *one* of the following forms as Disability documentation:

- Form DB-120.1 – Certificate of Disability Benefits Insurance; or
- Form DB-155 – Certificate of Disability Benefits Self-Insurance; or
- Form CE-200 – Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

Further information is available on the Workers' Compensation Board's website at http://www.wcb.ny.gov.

7.3. Additional Insurance Requirements

Prior to the start of work the Contractor shall procure at their sole cost and expense, and shall maintain in force at all times during the term of this Agreement, policies of insurance as set forth in **Appendix E Insurance Requirements** within the attached Contract Boilerplate, written by companies authorized by the New York State Insurance Department to issue insurance in the State of New York and with an A.M. Best Company rating of A or better. OPWDD may, at its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when Certificates and/or other policy documentation is accompanied by a completed Excess Lines Association of New York (ELANY) Affidavit. Nothing herein shall be construed to require OPWDD to accept insurance placed with a non-authorized carrier under any circumstances.

The Contractor shall deliver to OPWDD evidence of such policies in a form acceptable to OPWDD within ten days of notification of award, or the Bid will be subject to dismissal without further review. **Appendix E** includes all applicable insurance coverages and conditions for any Contract resulting from a successful Bid. The Contractor must comply with these requirements to remain responsible under the terms of the Contract.

8. PROPOSAL SUBMISSION REQUIREMENTS

8.1. Specific Requirements

8.1.1. Bidders must submit a complete response to this RFP that satisfies the requirements set forth in **Attachment 1: Document Submission Checklist and Attestation (Administrative Proposal Submission Section 8.2)**. Failure to do so may render the Bidder's proposal nonresponsive.

8.1.2. Each Bidder is expected to provide OPWDD with information, evidence, and demonstrations that will make possible a contract award that best serves the stated interests of OPWDD and the State of New York. Bidders are given wide latitude in the degree of detail they offer or the extent to which they reveal plans, designs, systems, processes, and procedures.

8.1.3. Bidders should prepare their proposals simply and economically, providing a straightforward and concise description of their abilities to satisfy the requirements of this RFP. Proposals containing a preponderance of boilerplate text are discouraged. Emphasis in each proposal should be on completeness and clarity of content.

8.1.4. Failure of a Bidder to provide the appropriate information or materials in response to each stated requirement or request for information may result in lower scores during the evaluation or in determination of a nonresponsive proposal. Responses to complex RFP requirements that are stated in a form semantically equivalent to "Bidder agrees to comply" may be rejected for non-responsiveness at the discretion of OPWDD.

8.1.5. All proposals submitted in response to this RFP must be written in the English language, with quantities expressed using Arabic numerals and United States Dollars ($ USD), as applicable.

8.1.6. The State of New York will not be held liable for any cost incurred by the Bidder for work performed in the preparation and production of a Bid or for any work performed prior to the formal execution of a Contract or approval by the State Comptroller, if required.

8.2. Required Submission Documents

The documents listed below are included in the Library of Attachments, which will be included with the RFP. All documents requiring signature must be signed by an authorized representative of the Bidder. Please review the terms and conditions. 8.3. Late Submissions

Bidders assume all risks for timely, properly submitted deliveries. The time of Bidder Submission receipt is determined by OPWDD according to the clock located at the address provided in Section 1.4.2 of this RFP. Bidders are strongly encouraged to arrange for delivery of proposals to OPWDD prior to the proposal due date and time provided in Section 1.3 of this RFP.

Physical Bids must be received at the location designated in Section 1.4.2 of this RFP at or before the proposal due date and time established in Section 1.3 of this RFP. Electronically submitted Bids must be received at the mailbox given in Section 8.5 at or before this same date and time. Any Bid received after the established time will be considered a late Bid. A late Bid may be rejected and disqualified from award.

Notwithstanding the foregoing, a late Bid may be accepted at OPWDD Commissioner's sole discretion where (i) no timely Bids meeting the requirements of the Solicitation are received, (ii) in the case of a multiple award, an insufficient number of timely Bids are received to satisfy the multiple award, (iii) the Bidder has demonstrated to the satisfaction of the Commissioner that the late Bid was caused solely by factors outside the control of the Bidder, or (iv) the Commissioner has determined that it is in the best interests of the State to accept the Bid. In no event shall the Commissioner be under any obligation to accept a late Bid. The basis for any determination to accept a late Bid shall be documented in the procurement record. All submissions and accompanying documentation shall become the property of the State of New York and shall not be returned.

8.4. Proposal Redactions - Freedom of Information Law / Trade Secrets

All proposals may be disclosed or used by OPWDD to the extent permitted by law. OPWDD may disclose a proposal to any person for the purpose of assisting in evaluating the proposal or for any other lawful purpose. All proposals will become State agency records, which will be available to the public in accordance with NYS Freedom of Information Law (FOIL) (Public Officers Law, Article 6, Sections 84-90). FOIL promotes the public's right to know the process of governmental decision-making and grants maximum public access to governmental records. The proposal of the successful Bidder and the proposals of unsuccessful Bidders may be subject to disclosure under FOIL.

However, pursuant to Section 87(2)(d) of FOIL, a State agency may deny access to those portions of proposals or portions of a successful Bidder's contract that are "trade secrets" or submitted to an agency by a commercial enterprise or derived from information obtained from a commercial enterprise and that, if disclosed, would cause substantial injury to the competitive position of the subject enterprise. Please note that all information that a Bidder may claim as proprietary, copyrighted, or rights-reserved is not necessarily protected from disclosure under FOIL.

If there is information in a Bidder's proposal that a Bidder claims meets the definition set forth in Section 87(2)(d), the Bidder must provide a list, clearly and specifically identifying any portion of the proposal that the Bidder believes constitutes proprietary information entitled to confidential handling as an exception to the FOIL. See the Contract Boilerplate, Section 11 Public Information and FOIL.

Failure to identify the information that a Bidder believes should be protected by Section 87(2) (d) may result in such information being disclosed if a request is received.

It is a Bidder‘s responsibility to consult an attorney with any questions the Bidder may have about New York State's Freedom of Information Law. All work products described herein may also be subject to FOIL disclosure.

The State will not honor any attempt by a Bidder either to designate their entire Bid proposal as proprietary and/or to claim copyright protection for their entire proposal.

The Contractor must provide to the State all information, records, and other written material it produces, possesses, or relies upon if such material is the object of a legitimate request to the State pursuant to the FOIL.

Determinations as to whether the materials or information may be withheld from disclosure will be made in accordance with FOIL at the time a request for such information is received by OPWDD. Blanket assertions of proprietary material will not

be accepted, and failure to specifically designate proprietary material may be deemed a waiver of any right to confidential handling of such material.

A Bidder making a physical submission is required to include a USB flash drive with redacting of proprietary information and clearly labeled as such per Section 8.5.2 of this RFP. A Bidder making an electronic submission must include an email attachment with the redacting of proprietary information; the attachment must be clearly named to avoid any confusion.

All proposals submitted for OPWDD's consideration will be held in confidence. However, the resulting contract is subject to New York State Freedom of Information Law (FOIL). Therefore, if a Bidder believes that any information in their Bid constitutes a trade secret or should otherwise be treated as confidential and wishes such information not to be disclosed if requested, pursuant to FOIL (Article 6 of the Public Officer's Law), the Bidder must submit with their Bid a separate letter specifically identifying the page number(s), line(s), or other appropriate designation(s) containing such information, explaining in detail why such information is a trade secret and formally requesting that such information be kept confidential. Failure by a Bidder to submit with their Bid such a letter identifying trade secrets will constitute a waiver by the Bidder of any rights it may have under Section 89(5) of the Public Officers' Law relating to protection of trade secrets. The proprietary nature of the information designated confidential by the Bidder may be subject to disclosure if ordered by a court of competent jurisdiction. A request that an entire Bid be kept confidential is not advisable since a Bid cannot reasonably consist of all data subject to FOIL proprietary status.

8.5. Packaging of Proposal

Bidders must submit a complete proposal as outlined in this Section (8) of this RFP. A proposal that does not comply with these requirements may be deemed nonresponsive.

Proposals may be submitted physically or via email. Physical submission must be made by U.S. mail, delivery service, independent courier, or hand delivery to OPWDD building at the address given in Section 1.4.2. Electronic submission must be made to procurement@opwdd.ny.gov.

Physically submitted proposals must be on USB flash drives containing searchable PDF or Excel files as required per this RFP for each one of the proposal sections described in Sections 4-6 of this RFP. Bidders additionally may include a printed hard copy as desired. Should a disparity be found between any paper document and any electronic document, the electronic document shall be deemed the ruling document.

Electronically submitted proposals should include all required documents as three direct attachments to the email, presenting the Administrative Proposal, the Technical Proposal, and the Cost Proposal as individual elements. Proposals submitted with links to external cloud storage systems for downloading will not be accepted.

All USB flash drives must be unencrypted. Failure to provide them unencrypted may result in disqualification. Similarly, **email submissions must not be password protected or encrypted in any way**.

OPWDD must receive complete proposals on or before the proposal due date and time as indicated in Section 1.3 of this RFP. If proposal packaging labels are not sufficient to identify the contents, OPWDD reserves the right to open packages for the purpose of identifying the source and contents of the package.

All proposals and accompanying documentation become the property of OPWDD and ordinarily will not be returned.

Bidders who intend to hand deliver proposals or utilize independent courier services should allow extra time to comply with these procedures. Bidders hand delivering their proposals should ask the security personnel at the security desk to call any of the designated contracts in Section 1.4.2 from the Contract Management Unit. Building access procedures may change or be modified at any time. Bidders assume all risks for timely, properly submitted hand deliveries.

9. AWARD

9.1. Method of Award

OPWDD will make an award for the services described in this RFP to up to 6 responsive and responsible Bidders on a best value/regional basis. Best Value means that the proposal that optimizes quality, cost, and efficiency among responsive and responsible Bidders shall be selected for award (SFL Article 11, § 163).

The evaluation process will be conducted in a comprehensive and impartial manner.

The Evaluation will consist of three parts:

1. The Administrative Proposal is pass/fail as outlined in Section 9.2. If a Bidder fails the Administrative Proposal, the Bid will be rejected, and no scoring will occur.
2. The Technical Proposal will be weighted for a maximum of 70 points.
3. The Cost Proposal will be weighted for a maximum of 30 points.

An evaluation committee (the “Committee”) will be designated and will be comprised of OPWDD staff. OPWDD reserves the right to make changes in the Committee’s membership as necessary.

Proposals determined to comply with the requirements set forth in this RFP and the submission requirements outlined in Section 8 of this RFP will be evaluated based on the criteria detailed in the sections below.

The Commissioner reserves the right to accept or reject any and all Bids, or separable portions of Bids, and waive technicalities, irregularities, and omissions if the Commissioner determines the best interests of the State will be served. The Commissioner, at his or her sole discretion, may accept or reject illegible, incomplete, or vague Bids and his or her decision shall be final. A conditional or revocable Bid that clearly communicates the terms or limitations of acceptance may be considered, and Contract award may be made in compliance with the Bidder’s conditional or revocable terms in the Bid.

9.2. Administrative Evaluation (Pass/Fail)

After the proposal opening, each proposal will be screened for completeness and conformity with the proposal submission requirements outlined in Section 8 of this RFP. Bidders should utilize Attachment 1: Document Submission Checklist and Attestation (Administrative Proposal submission) to ensure that all required documents are included in their submissions. Incomplete responses, the failure to complete as specified, and/or the failure to provide any of the required functionality may result in a proposal being deemed nonresponsive and the disqualification of the Bidder. The Bidder will be notified accordingly.

Submitted proposals will be evaluated on a pass/fail basis to determine whether the Bidder satisfies the RFP’s Minimum Qualifications as specified in Section 1.8 of this RFP. Proposals that fail to meet the minimum qualifications and/or to include the required attestations will be deemed nonresponsive and will not be further evaluated, and the Bidder will be notified accordingly. Passing proposals will proceed to the Technical and Cost Proposal evaluations. Bidders may still be disqualified if it is later determined that the Bidder did not meet all RFP minimum qualifications and therefore should not have qualified to move on to the Technical and Cost Proposal evaluations stage.

9.3. Technical Evaluation (70 points)

The technical evaluators will independently review and score each Technical Proposal. The criteria against which each proposal will be evaluated are described in Sections 4-6 of this RFP. Final technical scores will be determined by averaging the Technical Evaluators' scores for each responsive Bidder.

Technical requirements for scoring:

- Section 5.1: Bidder Experience and Capacity (**60** max # points)
- Section 5.2.: Statewide Availability and Regional Presence (**10** max # points)

9.4. Cost Evaluation (30 points)

Bidders' Cost Proposals will be scored by the fiscal evaluators, separately from the Technical Proposals. The Cost Proposal evaluation will be based on the Bidder's costs associated with the criteria listed in Section 6 of this RFP. The Bidder with the lowest price will be awarded the full points allocated to the Cost Evaluation. If a Cost Proposal is found to be nonresponsive, that proposal may not receive a cost score and may be eliminated from consideration.

The score for each of the remaining Bidders will be proportionate to the lowest Bidder. The formula for the evaluation of the other Bidders' proposals will be (lowest cost Bidder / Bidder being evaluated cost) x maximum points.

9.5. Final Composite Score

OPWDD will make a single contract award to the eligible and qualified Bidder whose proposal receives the highest aggregate score, thereby providing the best value to the State of New York. OPWDD will compile the cost and technical scores, compute the aggregate score for each proposal, and rank the proposals from highest to lowest. The aggregate score for each proposal will consist of an average of all scores (rounded to two decimal places) from the technical evaluators added to the score from the cost evaluation (rounded to two decimal places).

Should more than one Bidder obtain the same total score, the tie will be broken using the highest Technical Proposal score. If both Technical and Cost Proposal scores are equal, the Commissioner shall make the determination based on the best interests of the State, or tentative award will go to the first Bidder.

9.6. Notification of Award

The tentative awardee will be advised of their selection by OPWDD through the issuance of formal written correspondence indicating the proposed award, sent via email. All Bidders will be notified of the award or non-award of their Bid via email. Should OPWDD and a tentative awardee be unable to reach agreement as to the terms of the Contract within a reasonable time, as determined by OPWDD, OPWDD may withdraw the award and proceed to the next highest scoring Bidder.

9.7. Form of Contractual Agreement

Following notification of award, the successful Bidder(s) will be expected to sign a contract with OPWDD. This RFP, along with any other solicitation documents, will be incorporated in its entirety into the final contract as Appendix J, Solicitation Documents. Appendix A, Standard Clauses for New York State Contracts, becomes part of all New York State contracts and is incorporated into the Contract. No billable work is to begin until approved by OPWDD.

9.8. Debriefing

Pursuant to SFL § 163(9)(c), any Bidder may request a debriefing regarding the reasons their Bid did or did not result in an award. A debriefing shall be requested by a Bidder within fifteen calendar days of the release by OPWDD of a notice in writing of award or non-award. The purpose of the debriefing is to provide information to the Bidder about the scoring and evaluation of the requesting Bidder's Bid. This is also an opportunity for a Bidder to learn how to improve future Bids. OPWDD will not provide a Bidder with information relating to another Bidder's Bid.

9.9. Bid Protest Policy

9.9.1. Formal Written Protests

Final agency decisions or recommendations for award generally may be reconsidered only in the context of a formal written protest as described below. Any Bidder or prospective Bidder who believes that there were errors or omissions in the procurement process, or who otherwise has been aggrieved in the drafting or issuance of a Bid solicitation, Bid evaluation, or contract award, may present a formal complaint to OPWDD and request administrative relief (via "formal protest") concerning such action.

A formal protest must be submitted in writing to procurement@opwdd.ny.gov at OPWDD. A formal protest must include the name of the RFP and the award date. Also, it must include a statement of all legal and/or factual grounds for disagreement with an OPWDD specification or purchasing decision, a description of all remedies or relief requested, and copies of all applicable supporting documentation.

9.9.2. Deadline for Submission of Formal Protests

OPWDD must receive formal protests concerning errors, omissions, or prejudice, including patently obvious errors in the Bid specifications or documents, at least ten calendar days before the date set in the solicitation for receipt of Bids.

OPWDD must receive formal protests concerning a pending contract award within seven calendar days after the protesting party ("protester") knows or should have known of the facts that form the basis of the protest.

9.9.3. Review and Final Determination of Protests

Protests will be resolved through written correspondence. However, the protester may request a meeting to discuss a formal protest, or OPWDD may initiate a meeting on its own motion, at which time the participants may present their concerns. Either the protester or OPWDD may elect to decline such a meeting.

Where further formal resolution is required, the Commissioner or Associate Commissioner shall designate an OPWDD employee ("designee") to determine and undertake the initial resolution or settlement of any protest.

The designee will conduct a review of the records involved in the protest and provide a memorandum to the Commissioner or Associate Commissioner summarizing the facts as determined by the designee, an analysis of the substance of the protest, and a preliminary recommendation. The Commissioner or Associate Commissioner shall: (i) evaluate the procurement team's findings and recommendations; (ii) review the materials presented by the protesting party and/or any materials required of or submitted by other Bidders; (iii) if necessary, consult with agency Counsel; and (iv) prepare a response to the protest.

A copy of the protest decision stating the reason(s) upon which it is based shall be sent to the protester or their agent within 45 calendar days of receipt of the protest, except that upon notice to the protester, such period may be extended. The protest decision is final and will be recorded and included in the procurement record.

9.9.4. Appeals

Upon receipt of OPWDD's determination of a protest, a protester has ten business days within which to file an appeal of the determination with the OSC Bureau of Contracts. The appeal must be filed with Brian Fuller at the New York State

Office of the State Comptroller, Bureau of Contracts, 110 State Street, 11th Floor, Albany, NY 12236. The protester's appeal must contain an affirmation, in writing, that a copy of the appeal has been served on OPWDD and any other party that participated in the protest. In their appeal, the interested party shall set forth the basis on which it challenges the contracting agency's determination. The OSC Bureau of Contracts will conduct its determination of the appeal in accordance with its established policy.
